## West Patton Village 2022-2023 Infrastructure Project:

Rapid Construction has completed the water and sewer main lines. The Contractors continue to work on the individual connections and should be completed by August 15th with all water and sewer connections. Q & D Construction will be arriving any day and will tear-up the roads and will be preparing to replace roads and driveway aprons. **THE ROADS IN WPV WILL GET WORSE BEFORE IT GETS BETTER!** Road construction will last 60 to 90 days, before there will be new streets!

There will be times you will not be able to use your driveway for several days, while Q&D builds your drive-way apron and pour your concrete. The construction company should be giving you notice when they will be installing your driveway apron.

Please drive slowly through the neighborhood for the safety of the contractors, children and yourself. Construction will continue all summer, so please be patient and considerate to one another. Completion estimated 9/29/2023.

**FACTS:** Project estimated cost \$13,426,600.00. Water and Sewer is SRF (State Revolving Fund) Grant.

- County and HPUD has a 7 foot easement from the sidewalk into each yard.
- Whatever is torn-up during constructions will be replaced as good or better by completion of project.
- Rate Changes will occur, as contractors complete portions of their work.

The Community approved rate changes for this project and the State Funding with Resolution 2019-03 and Resolution 2019-04 on September 17, 2019. The new rates will take affect on the **October 23rd billing**. Water facility charge will be \$84.03 plus \$2.00 per 1,000 gallons used. Sewer charge will be \$65.62 monthly.

## Reminders:

- **Utility Payments are due in Office by the 10th of every month, not postmarked. Late fees apply if received after due date or balance not paid in full**
- **PSN Help # 866-917-7368 (must have valid email and account #)**
