ELEVATED TANK

After 13 years, it is time to recoat the inside of the elevated tank. In the next couple of month's, you may see activity over at the tanks. The Contractors will be working to recoat and rehab the tank. This should not have any effect on your water! The District has a ground tank that is twice the size of the elevated tank and will sufficiently take care of the community needs during this project.

HOME OWNER'S RESPONSIBILITY FOR BOTH WATER & SEWER LINES

This diagram shows what both HPUD and the Home Owner responsibilities are. Please familiarize yourself with this information.
